CABLE:

Rubber Molded Series

Connector's power capability may be limited by amperage and voltage rating of cable to which it is molded to. With the exception of field installable connectors, the in-line series are provided on a standard 18" length of 18 AWG SO cable unless otherwise specified.

Glass Reinforced Epoxy Series & Metal Shell Series

Connector's power capability may be limited by amperage and voltage rating of pigtails. Customer must specify if pigtails are to be applied.

NOTE: Torque values referenced in this literature assume installation into dry metal threads. Please contact the factory for recommendations.
